

Monthly Newsletter

March 2017

WELCOME

To our monthly newsletter about construction at Vista. This has been designed to keep you updated about our key activities on site and within the community.

Please visit our website for updates:

Berkeley seek to minimise disruption during construction works as much as possible. This newsletter will be emailed to all interested surrounding residents to provide regular updates and key information on the Vista project.

Development Information

The Vista Development comprises the delivery of approximately 452 units over two buildings, Block C at the North of the Site and Block L at the South, along with ground floor retail and associated car parking.

General Site Activities Information

- The road works at the site entrance on Sopwith Way have started and they will continue for aprox 5 weeks. These works will be done in a sequence to ensure that vehicles can still access Sopwith Way. There will be some noisy work when existing tarmac and concrete is removed.
- We will be having a mobile crane on site Saturday 4th March. This will be set up in the middle of our service road to lift panels to the side of the building. Works will be 8am-4pm, these will not be noisy and will be supervised by Berkeley Managers.
- Just to let you know our first residents have moved in to the Flats in Core 1 on the corner of Sopwith Way/Queenstown Road.
- Wandsworth have agreed that vehicles can unload from Sopwith Way and South Road.
- We will be doing some works out of hours but these will only be non-noisy and internal to the building. These works will always be supervised by a Berkeley Manager.
- The Vista Project is seeking approval from Wandsworth Council to use the 2 areas under the railway viaduct closest to the site entrance as storage areas.
