General Site Activities Information

- Block C is now complete and handed over.
- Deliveries are being received primarily at the South entrance to reduce disruption.
- We will be doing some works out of hours but these will only be non-noisy and internal to the building. These works will always be closely supervised by a Berkeley Manager.
- The podium area between both buildings is now open to the public. Sculptures and play equipment will be installed to this area in April.
- Full Project completion on course for May 2018.
- Site welfare facility below railway will be removed over 4 weekends in April and May. This will be carried out at weekends due to transport restrictions on units. The first on will be on 6th and 7th of April.
