

Monthly Newsletter

August 2016

WELCOME

To our monthly newsletter about construction at Vista. This has been designed to keep you updated about our key activities on site and within the community.

Please visit our website for updates:
<http://www.vistaconstruction.co.uk/>

Berkeley seek to minimise disruption during construction works as much as possible. This newsletter will be emailed to all interested surrounding residents to provide regular updates and key information on the Vista project.

Development Information

The Vista Development comprises the delivery of approximately 452 units over two buildings, Block C at the North of the Site and Block L at the South, along with ground floor retail and associated car parking.

Block C – Core 1 is now complete.

Block L is progressing and is at Level 14.

General Site Activities Information

- We will be completing the landscaping, pavement and kerb on Sopwith Way and by our site entrance during August. Some of these works will have to be done out of hours, especially when the laying of the tarmac takes place due to the amount of cars and delivery vehicles on Sopwith Way. Berkeley will have managers on site during these works to ensure it is well managed.
- We will be continuing to work on our service road in August which may need some resurfacing works to be done at the weekend. This will be done under close supervision to avoid any disruption.
- Wandsworth have agreed that vehicles can unload from Sopwith Way and South Road.
- In order to help progress the Vista project Wandsworth Council have agreed to allow Berkeley Homes to load out materials from 6pm to 8pm. Managers will be on-site supervising these works and we ask that if you have any issues with these activities please contact us on the numbers provided.
- We are using the area under the Network Rail viaduct alongside Sopwith Way to store materials. This will help with the logistics of the project and has been agreed with Network Rail.
- New show flats are being built under the Lanson and Hawker blocks to replace the older show flats.
- We hope to remove our 2nd Tower Crane in September/October.
- There will be a residents meeting in September which we will give more information about in our next newsletter.
